
Pill Pack, Divider, Individual Dose, Template

Designed for use with 11 inch food preservation type heat-seal rolls (FoodSaver). May be cut into individual packets or folded various ways for compact, waterproof storage & transportation. Print on 8 1/2″ x 14″ paper, leave a small margin, cut, laminate. The outer dimensions of the template frame are 6 1/2″ x 11 1/8″ to check for scale accuracy after printing. To reduce the necessity to open with sharp objects remember to notch each pack for easy tear-open type packaging. Trouble printing? Check the paper setting and make sure it's set to "legal" size.
